Like Father, Like Daughter.

Chicago Tribune: On Tuesday morn-

ing the Tribune printed the eloquent pro-

test of Robert G. Ingersoll against the

squandering of millions of money upon

the coronation of the czar at the cost of

the "sad and ignorant multitude who be-

long, body and soul, to this czar." The

great agnostic closed his protest with the

following vigorous words, showing his

sympathy for the oppressed and his belief

in the brotherhood of man:

"Those who are not blinded by the

glare and glitter at Moscow see millions

of homes on which the shadows fall; see

millions of weeping mothers, whose chil-

children have been stolen by the czar; see

thousands of villages without schools;

millions of houses without books; mil-

lions and millions of men, women, and

children in whose future there is no star

whose only friend is death

"The coronation is an insult to the nine-

teenth century.

"Long live the people of Russia!"

On the same Tuesday morning Miss

Maude B. Ingersoll, Col. Ingersoll's

daughter, while riding in a car in New

York City observed a brutal driver lashing

his overloaded horse. She jumped from

the car at once, followed the brute a little

distance until she found a policeman, who

at her request, arrested him. She then

went to the station house, lodged her com-

plaint against the driver, and he was

placed under bonds for trial.

While the whole country will applaud

Col. Ingersoll for his sentiments of hu-

manity to man, it will none the less heart-

ily applaud his daughter for the practical

illustration of her humanity towards the

brute. However, unorthodox Col. Inger-

soll and Miss Maude may be in their the-

ological beliefs, and however doubtful

they may be as dogmas, even the most

straitlaced of the Calvinists and the En-

deavorers who proposed to convert them

by concerted prayer must concede that

they are sound upon the great fundamen-

tal religious principle of love for man and

beast, and that they have set an example

that can be imitated without prejudice to

church or creed. If the poet's words—

"No prayer best who loveth best  
 All things both great and small—"

are true, then certainly the prayers of the

colonel and his daughter should be effec-

tive. In any event, they are not without

knowledge when it comes to the claims of

kindness and humanity, however cloudy

their knowledge of a future state may be.

Independence Day and the G. A. R.

An article appeared in the Decatur Re-

view yesterday morning in relation to an

attempt to raise money to conduct a

but from the information it has there may have been some misunderstanding as to the collection and expenditure of funds to this extent that some understood that including the expenses of Memorial Day enough was to be raised, if possible, to repair the grounds set apart for the burial of deceased soldiers, which needs a wall very much to prevent washing which is not only damaging the grounds but other property contiguous to it. Others interested objected to this course, preferring to raise money only for Memorial day and make a separate appeal for the other purpose later on. But this feature of it has nothing to do with the facts and the Republican cares nothing for that phase of it, for it is immaterial whether the money for Memorial day expenses and the repair of the cemetery was raised at one time or whether the people paid twice to accomplish it.

The Republican does not know whether the plan to celebrate the Fourth of July originated with the Grand Army Post or whether other parties originated it and asked the post to aid in it or whether the post had or had not anything to do with it. None of these or all of them furnishes a reason why the Grand Army of the Republic should be assailed as it has been in the Review, nor why any merchant or other person should be responsible for such an attack. The facts are that any one who insults a patriotic order in that way and for so little reason is not competent to appreciate a service performed, and no one would seriously think of doing so monstrous a thing.

There were men in the Grand Army who are not perfect according to the compass of some other people, but the same may be true of the people connected with the Review office or any other newspaper office, and it may also be true of merchants and professional men. Therefore, assuming that there was a misunderstanding as to the collection of funds for Memorial day—which the Republican is not prepared to admit or deny, is that any reason why any intelligent newspaper or intelligent man should assail the entire order of the Grand Army of the Republic and refuse to contribute or play Fourth of July if that order should take any part in it? Is there any more sense in it than if one were to take the position that if one or two merchants have made mistakes that merchants as a whole should be condemned?

When it comes down to where the Review writes it, that any merchant in Decatur takes the position, seriously, that he will contribute nothing for a Fourth of July celebration if Dunham Post G. A. R. has anything to do with it, the reply is, that, in face of the loyalty of the Decatur people, and the gratitude they cultivate for these who in their youth sacrificed the enjoyment of home to prevent a division of the Union, and thus saved the people the expense of two governments by going into the service of their country, no merchant or any other person in Decatur will publicly take such a position.

When it comes down to saying that men who have passed through the crucible of war, to save the Fourth of July and all it implies, are unfit to take any such part in it as they may choose, or that others will take no part in it if they do, then the Fourth of July cannot be celebrated in a true sense and such celebrations are a mere mockery gotten up for business purposes alone, and it follows that any American citizen who cannot enter into the true spirit of a Fourth of July celebration, after all the sacrifices that have been made to establish and preserve this government, is unworthy of a country.

Goes a Fast and Expires.

Boston Special: Stephen H. Roper,

who has spent years in perfecting a steam

driving apparatus for bicycles, today at

the new Charles River Bicycle park gave

the first public exhibition of his machine,

and after making a mile very easily in

2:01 he was stricken with apoplexy and

died at once. Tom Butler was at the

track when Roper arrived with his bicy-

cle, and the old man suggested a mile

trial of his wheel against Butler's. The

trial was made, and Roper pulled away

from Butler easily, and the machine was

not pushed to its utmost either. After

crossing the tape Roper continued around

the track, and as he neared the training

quarters on the back stretch his machine

was noticed to wobble and he seemed to

have lost all control. It was going at a

good clip. The crowd of men who were

sitting around the training quarters no-

ticed the old man grow suddenly pale,

and in another second the machine plun-

ged from the track into the sand. The

old gentleman was dead when he was

picked up. The steam for his machine

was generated from a coal fire underneath

the miniature boiler, and the rider did

nothing but sit on the machine, with his

feet on coasters, and steer the wheel.

Three Greatest Inventions.

In this wonderful age of discovery and

invention, three ideas stand out promi-

nently before all others; the practical ap-

plication of steam as a mechanical power,

the discovery of the manifold powers and

possibilities of electricity, and the inven-

tion of appliances by which light may be

employed in art work, are the three

greatest. While, in all time, the present

will doubtless be prominent as an inven-

tive age, steam, electricity and photogra-

phy will probably be remembered as the

three most remarkable ideas of our age.

## THE M'KINLEY CLUB.

They Held a Meeting Last Night to Ar-  
range for the Entertainment of the  
Chicago Marching Club.

The members of the McKinley club  
held a meeting last night to make arrange-  
ments for the entertainment of the Cook  
County Marching club which will stop in  
this city on June 15 on their way to the  
convention at St. Louis. The meeting  
was called to order by the president, Al-  
ford Badenhausen. It was decided to hold  
another meeting at a later date when it  
was positively known whether or not the  
Chicago club was going to stop in this  
city. After some discussion as to the time  
of the next meeting a motion by Dr. Cal-  
houn to meet next Tuesday was carried.

Bert Park suggested that a marching  
club in this city be organized and that the  
secretary be empowered to take the names  
of all those who would join. This met  
with an objection from Harry Moore on  
the grounds that the escort club was al-  
ready in existence. The motion by Park  
carried and during a recess which was  
taken about fifty names were enrolled for  
the marching club.

After the recess I. N. Coltrin suggest-  
ed that the hall be rented for the use of  
the club. It was suggested by others that  
rent which was owing for the use of the  
Tabernacle be paid before another place  
was rented. The subject of the place of  
meeting and the rent was referred to the  
executive committee. The subject of  
money was discussed and it was decided  
that the finance committee make some  
arrangement to secure a fund. The meet-  
ing adjourned until next Tuesday night.

## Change of Date.

Owing to the fact that the hall is en-  
gaged for Tuesday night the meeting will  
not be held until Thursday night, June 11.

## AFTER INFORMATION.

Attorney Walker Files an Objection of  
Interest in the County Court.

Among the objections filed in the county  
court as to unjust tax assessments is  
one by Attorney I. D. Walker applying to  
special assessments. Mr. Walker avers  
that he has a lot against which a special  
assessment for paving was levied, the same  
to be paid on the five year installment  
plan. The first installment was paid and  
then the balance was massed and the city  
issued bonds to cover the amount, the  
bonds bearing 6 per cent interest. The  
second to fifth installment inclusive were  
due on August 1, '96, '97, '98 and '99. In  
his objections he declares that according  
to the terms of the city by virtue of  
which the work was done, the installments  
are due on January 1 of each year and be-  
comes delinquent on March 10 following.

He declares that at no time since the second  
installment became due January 1, '96, has  
he been able to pay the principal of  
that installment without also paying the  
interest at 6 per cent, not only to the  
day the obligation was discharged but to  
the first day of the following August. He  
can't understand why he should pay 6 per  
cent interest on each of the remaining in-  
stalments six months after the obligation  
has been fully discharged and he holds the  
receipt for the same, or why he should be  
refused the privilege of discharging that  
obligation when it is due unless he gives  
up a bonus of 6 per cent interest for six  
months.

## Hair Turned White.

Harley Moyer, son of Mr. and Mrs.  
Henry Moyer, who moved away from Cer-  
ro Gordo a few years ago, was a victim of  
the storm in East St. Louis. He was  
standing near the front of one of the hotel  
buildings when the structure was blown  
over him and he was covered in the  
wreck. Where he was lying he saw a wo-  
man crushed to death near him, but was  
unable to help her. He was covered two  
hours and finally dug his way out. He  
is about 25 years and had black hair be-  
fore the storm. When he got out it had  
turned gray. While he was digging out  
he sweat so much that he says he lost  
more than ten pounds in weight. He  
was not seriously hurt.

## WILL BE SETTLED NEXT WEEK.

The Arbitration Committee Will be Held  
Tuesday to Adjust Christian Church  
Difficulties.

Next week promises to bring a final set-  
tlement of the troubles which now exist  
between the two Christian churches. The  
committee from the ministerial associa-  
tion which has been asked to settle the  
matter will be in the city next Tuesday.  
Officials of both factions of the church  
have signed articles whereby they agree to  
abide by any decision which the commit-  
tee sees fit to return. The matter will be  
laid before the committee and they will  
give their judgment. The members of  
the committee are as follows: Rev. J. H.  
Gilliland, of Bloomington, chairman,  
Rev. Wagner, of Eureka; Rev. N. S.  
Haynes, of Englewood; Rev. Jones of  
Danville, and Rev. Smart. The decision  
of these gentlemen will probably settle  
finally all of the unpleasantness.

The Happy Marriage of Mr. George But-  
terworth and Miss Hattie Miller at  
Grace M. E. Church.

Bloomington Pantograph, June 5: In  
the presence of several hundred friends  
and relatives from this and other cities,  
the marriage of Mr. George Butterworth,  
son of Mr. and Mrs. James Butterworth,  
of 410 East Walnut street, and Miss Hat-  
tie Miller, daughter of Rev. and Mrs.  
James Miller, was solemnized last even-  
ing at 8:30 o'clock in Grace M. E. church.  
For this event the main auditorium had  
been handsomely decorated with ferns and  
flowers. Mr. Alfred M. Murray presided  
at the organ and played Lohengrin's  
march as the bridal party entered the  
church, and "Oh Promise Me" during the  
ceremony. The little flower girls, Nellie  
Butterworth, a cousin of the groom, and  
Mary Elrod, removed the ribbons in the  
center aisle; the ushers, Dr. Miller,  
brother of the bride, from Decatur, Ralph  
Spafford, cousin of the groom, Thomas  
Roberts and John Buchanan followed.  
The maid of honor, Nettie Butterworth,  
sister of the groom, and the bride-maid,  
Grace Hamsher of Decatur, and Etta Wal-  
ker of this city, preceded the bride, lean-  
ing on her father's arm, completed the  
procession. At the altar the groom, ac-  
companied by Mr. Harry Davidson as best  
man, met the party and the bride's father  
in a few impressive words, performed the  
ceremony, then to the strains of Mendels-  
sohn's march the newly married couple  
and their friends left the church.

Immediately after the wedding a recep-  
tion was tendered Mr. and Mrs. But-  
terworth at the home of the bride's father  
and mother.

The parlors were handsomely adorned  
with flowers. Congratulations were show-  
ered upon the participants in this inter-  
esting and happy event and dainty re-  
freshments were served during the even-  
ing. The bride and her maid of honor  
wore white silk and the bridesmaids pink.  
Many friends were present from neigh-  
boring cities as follows:

Mrs. S. P. Young, Mrs. Maria, Mr. and  
Mrs. Black, Mr. and Mrs. B. K. Ham-  
sher, Misses Daisy and Sarah Imboden,  
Mary E. Moore, Dr. Catto and wife, Jesse  
E. Bendure and wife, Misses Eunice Scott,  
Neta Bullard, Lulu Lunn, all of Decatur;  
Abram Mann and wife, Thomas Bennett  
and wife, of Rossview, Ill.; Dr. and Mrs.  
Hunter, Mrs. S. H. Rucker, Edna Hills  
and Mrs. Newman, of Clinton, Mr. and  
Mrs. Robert Butterworth, Mrs. Carle, of  
Wapella.

Mr. and Mrs. Butterworth left this  
morning for a trip through Wisconsin and  
will be gone several weeks.

Mr. Butterworth is a member of the  
firm of Butterworth & Phillips and is con-  
sidered a young man with an exception-  
ally bright future. His family is among the  
leading ones in this county and though  
he has not resided here all his life he is  
very well known for his good character  
and sound principles. His bride is the  
only daughter of Rev. and Mrs. Miller  
and is possessed of many graces and ac-  
complishments that fit her eminently to  
fill the place she has just taken.

## SALVATION ARMY ON TRIAL.

The Case Begins in Earnest and Promises to be Hard Fought by the Attorneys.

The case of the Salvation Army, charged with unlawfully obstructing the sidewalks, came up in Justice Odo's court this morning after being continued from last Wednesday. Attorneys D. C. Corley and Cassidy appeared for the defense and City Attorney Lee will prosecute. This morning a conference of the lawyers was held and this was overruled by the justice. This afternoon a jury was impaneled and examined by the lawyers. The following are the names of those on the jury: F. M. Shuck, George Markwell, Charles Sampson, John Millsap, Charles Mitchell, Harry Fisk, Jr., Walter Towling, Frank Black, Oona McDonald, Hugh Hughes, Taylor Crossley, F. W. Andrews and Will Gilkison. It will probably take a good part of the afternoon to examine and select jurors. The chances are that the case will last several days.

The members of the army say that they intend to fight the case to the end. District Secretary Irwin, of the Salvation Army, is in the city from Springfield and is with the local corps.

## AUSTIN CORBIN DEAD

Fatally Wounded by Being Thrown from His Carriage.

## DEATH FOLLOWS A FEW HOURS LATER.

The Coachman Also Dies Without Regaining Consciousness—Corbin Edgell, a Nephew, and Dr. Paul Kunzier Also Injured.

NEWPORT, N. H., June 5.—Austin Corbin and his nephew, Corbin Edgell, with Dr. Paul Kunzier and Coachman John Stokes, started on a fishing trip about three o'clock yesterday afternoon. On going out of the yard at the farm house the horses shied, tipping over the open carriage, throwing the occupants down an embankment about eight feet against a stone wall.

The family saw the accident from the piazza and hurried to the assistance with the farm help. They found Mr. Corbin conscious but terribly wounded. His nephew and the coachman were also conscious. The coachman was unconscious and apparently hurt the worst of all. They were carried to the house and doctors summoned.

Mr. Corbin's injuries were very serious, a compound fracture of the right leg above the knee, a fearful scalp wound over four inches long on the forehead, cut through to the skull; one on the right side of the head three inches long and the hip and chin cut badly.

Dr. Kunzier was thrown over the wall and sustained a broken arm and sprained ankle. So far as known, Corbin Edgell had his leg twice broken between the knee and ankle. John Stokes' right leg was broken between the knee and ankle, and he sustained a fractured skull. Stokes died from his injuries about six o'clock without regaining consciousness.

The cause of the horses shying is said to be the fact that the coachman was driving them for the first time without blinkers.

Mr. Corbin died at 9:43 last evening, shortly after the arrival of Dr. Colley from Boston. His son, Austin Corbin, Jr., arrived on a special train from Boston at 11 o'clock but too late to see his father alive. All the other members of the family with the exception of his son-in-law, Mr. George S. Edgell, who is in the west, were present when he breathed his last.

At the same time he stated that his home was in Sacramento. He is about thirty-seven years of age, plain and unassuming in his manner and makes no effort to conceal his identity.

## HE SMILED BUT SPOKE NOT.

But Maj. McKinley Did Not Seem a Bit Worried About His Alleged Free Silver Letter.

CANTON, O., June 5.—The publication by a New York paper of what purports to be a letter endorsing free silver written by Maj. McKinley to the Stark County Farmers' alliance does not seem to disturb the governor to any great extent.

When a United Press reporter called at the McKinley residence last evening the subject of the alleged letter was broached. When it was mentioned the governor looked across the room and intently at a picture of Gen. Garfield. He smiles but said nothing.

## IN THE KENTUCKY STATE CONVENTION.

The Silver Men Having Carried Everything Their Own Way, Magnanimously Refrain from Censuring Cleveland and Carlisle.

LEXINGTON, Ky., June 4.—At the second day's session of the Kentucky state democratic convention harmony seemed to be the watchword of both factions. There had been a feeling of uneasiness on the part of the gold men, who feared that the silver crowd would in the intoxication of victory, denounce Cleveland and Carlisle; but the platform, while declaring for a policy diametrically opposed to that of the present administration, has not one word of censure for the democratic standard bearer, the secretary of the treasury.

It declares in emphatic terms for the free coinage of silver at the ratio of 16 to 1, and opposes the issue of bonds in time of peace and the national banking system. On the tariff question it declares that the government has no constitutional right to collect tariff duties for other than revenue purposes.

The delegates elected were instructed to vote as a unit for Blackburn for president. Senator Blackburn is at the head of the delegation and John S. Rhea, P. Wat Hardin and W. T. Ellis are his running mates. J. P. Tarvin, of Covington, and W. B. Smith, of Clark, were chosen electors.

Col. W. C. P. Brockbridge was called upon to speak and delivered an eloquent appeal for the gold standard, which was listened to with marked attention and respect by the silverites and was frequently interrupted with hearty cheers.

## CHARITIES AND CORRECTIONS

Twenty-Second Annual Convention Opened at Grand Rapids Yesterday.

GRAND RAPIDS, Mich., June 5.—The twenty-second annual convention of Charities and Corrections opened last evening with 600 delegates in attendance. The convention opened with Harvey J. Hollister, president of the Grand Rapids charity organization, as presiding officer. The address of welcome on behalf of the state was made by Gov. John L. Rich. He was followed by Mayor Stow on behalf of the city, and J. B. Angell, president of the University of Michigan, on behalf of the educational institutions of the state. The several addresses elicited hearty applause from the delegates and citizens in attendance. The response was made by Andrew E. Elmore, of Green Bay, Wis., and when he closed he was heartily applauded.

The annual address was then read by W. Wright, of Madison, Wis. President Madison, in his annual address, on "New Philanthropy," spoke of the progression from age to age in the methods of handling and improving the dependent classes. He stated that the new philanthropy of the dawn of the twentieth century was distinguished by studying causes as well as symptoms and considering classes as well as individuals. On its practical side it seeks to change environment and build up character as well as to relieve distress. He emphasized the need of checking bad hereditary through the state institutions and the necessity for attacking pauperism and crime in the slums.

To-day the work of the conference will begin.

## LOVERS OF THE YELLOW.

Seventh Annual Session of the Scotch-Irish Society of America.

HARRISBURG, Pa., June 5.—The Scotch-Irish Society of America began its seventh annual session in this city yesterday. A number of distinguished gentlemen from various parts of the country are present. Mayor Fatison delivered an address of welcome, and Rev. Dr. John S. McIntosh, of Chicago, responded to the words of greeting.

The president of the society, Robert Bonner, of New York, is not able to be present, owing to illness, and has sent a letter declining to stand for re-election as president. Many names were presented for membership.

Yesterday afternoon the members and visitors went to Old Derry church, and later to Paxtang church, historic spots, where addresses were delivered.

Want to Remove the Republican Campaign Headquarters to Chicago.

CHICAGO, June 5.—Ex-Chairman Jamison, of the republican state central committee, will present a resolution to-day to a meeting of the committee, calling on the Illinois committee and the delegates from this state to St. Louis to work for the location of the national campaign headquarters in Chicago instead of New York. Capt. Tanner, the republican nominee for governor, will give the plan all his political influence at St. Louis in the interest of his election.

Dr. Jamison says the nomination of McKinley would prove a strong reason for the removal of the headquarters from New York, and Chicago had only Cleveland to fear as a rival under those circumstances.

One Officer Who Will Do His Duty.

NEW YORK, June 5.—The Eureka Athletic club have decided to withdraw their application for an injunction restraining Sheriff Dohi from interfering with the boxing contest which was to have been held at the club to-night. They do this because Sheriff Dohi has issued a declaration in which he states that he will prevent the contest despite any action that the club may take, even if he has to call upon the state militia to enforce his authority.

#### How a Mortgage Works.

A mortgage makes a man rustle, and it keeps him poor. It is the strong incentive to action, and a wholesome reminder of the fleeing months and years. It is fully as symbolical in its meaning as the hour glass and scythe that mean death. A mortgage represents industry, because the greater the adversity the closer it sticks to a fellow. It is like a brave soldier, for it never hesitates at charges nor fears to close in on the enemy. It is like the sand-bag of the thug—silent in application, but deadly in effect. It is like the hand of Providence—it spreads all over creation and its influence is everywhere visible. It is like the grasp of the devil-fish—the longer it holds the greater its strength. It will exercise feeble energies, and lead activity to a sluggish brain; but no matter how debtors work, the mortgage works harder still. A mortgage is a good thing to have in a family—provided always it is in somebody's else's family.—Truth.

#### Pointers for Wheelmen.

Louisville Times: 1. The wheelman who allows a horse to pass him will die before the year is out.  
2. To be chased by a yellow dog with one blue eye and one black one indicates a bad fall.  
3. To see a small boy with a slingshot beside the road is a prophecy of a puncture.  
4. If you pass a white horse driven by a red haired lady your rim will split unless you say "cajandrum" and hold up two fingers.  
5. The rider who expectorates tobacco juice on the track will lose a spoke.  
6. If you take your machine to the repair shop it is a sign that you will not buy that new suit of clothes.  
7. Kicking the man who asks the make of your wheel is a sign of high honors and riches within a year.  
8. Lending the wheel is a sign of the double donkey.  
9. To attempt to hold up a 275-pound woman learning to ride is a sign of a soft spot.

#### The Life-Searching Question.

Frederick Harrison: What is the good of carrying millions of people through the bowels of the earth, and at fifty miles an hour, if millions of working people are forced to live in dreary, bleak suburbs, miles and miles away from all the freshness of the country, and away miles and miles even from the life and intelligence of cities? What is the good of ships like moving towns, that cross the Atlantic in a week and as are gorgeous within as palaces, if they sweep millions of our people who find nothing but starvation at home? What is the use of electric lamps, and telephones, and telegraphs, newspapers by millions, letters by billions, if seamstresses are stitching their fingers to the bone can hardly earn fourpence by making a shirt, and many a man and woman is glad of a shilling for twelve hours' work? What do we all gain if in covering our land with factories and steam engines, we are covering it also with want and wretchedness? And if we can make a shirt for a penny and a coat for a six-pence, and bring bread from every market on the planet, what do we gain if they who make the coat and the shirt lead the lives of galley slaves, and eat their bread in tears and despair, disease and filth?

#### A Valuable Prescription.

Editor Morrison, of Worthington, Ind., says: "You have a valuable prescription in Electric Bitters, and I can cheerfully recommend it for constipation and Sick Headache, and as a general system tonic it has no equal." Mrs. Anna Stehlo, 2625 Cottage Grove Ave., Chicago, was all run down, could not eat nor digest food, had a backache which never left her and felt tired and weary, but six bottles of Electric Bitters restored her health and strength. Price 50 cents and \$1.00. Get a bottle at West's drug store.

Delos Purker, a carpenter, died suddenly from apoplexy in the Central depot at Champaign.

Penny Wise and Pound Foolish are they who have not Foley's Colic and Diarrhoea Cure as a safeguard in the family. Neiser Drug & Supply Co., and N. L. Krone.

A \$1,000 monument is to be erected in the Green Valley cemetery for John Myers and family.

#### Diagnosis of Gripe.

True gripe is a germ disease. These germs are in the circulation and pervade every tissue and organ of the body. This brings speedy collapse and often death to the aged and debilitated. The only germicide known that searches out and destroys every gripe germ in the system is Brazilian Balm. A week or ten days' treatment effects a complete cure. For sale by Armstrong Bros., Druggists.

A new benevolent secret society known as the Royal Circle has been instituted at Springfield.

#### About the Eye.

For people with sore eyes, weak watery eyes, and red and inflamed eyes, caused by age, catarrh or otherwise, the Brazilian Balm is a priceless boon. Put 15 or 20 drops of Balm into a spoonful of warm water and bathe the eyes well night and morning, getting some of the Balm into the eyes. This relief and solution into the eyes. The relief and benefit is worth a hundred times the cost. For sale by Armstrong Bros., Druggists.

A bull dog owned by Jeff Davis, of Lincoln, badly lacerated little Joe Rhodes of that place.

Dr. L. Kittinger, a leading physician of Wilmington, Del., asked the proprietor of Brazilian Balm to send him a dollar bottle. A few weeks afterwards the doctor said: "I had a couple of cases of old cough on hand that completely baffled me. I had got to the end of my string. But the Balm made a prompt cure in both cases. It is a remarkable remedy." For sale by Armstrong Bros., Druggists.

Healthy, happy babies are generally the offspring of healthy, happy mothers. It would hardly be natural if it were otherwise. The baby's health and happiness depend on the mother's. The mother's condition during gestation particularly exerts an influence on the whole life of the child.

Impure blood, weakness and nervousness in the mother are pretty sure to repeat themselves in the child. If a woman is not careful at any other time, she certainly should be during the period preliminary to parturition. It is a time when greatest care is necessary, and Nature will be the better for a little help. Even strong, well women will find themselves feeling better, their time of labor shortened and their pains lessened if they will take Dr. Pierce's Favorite Prescription. To those whom troubles peculiarly feminine have rendered in any degree weak, it will prove a veritable blessing. It is a good general tonic for the whole system, and at any time will promote the proper and regular action of all the organs. It is a medicine for women only and for all complaints confined to their sex is of inestimable value.

Dr. Pierce has written a 1000 page book, profusely illustrated, called "The People's Medical Adviser," which will be sent on receipt of twenty-one cents to pay postage and wrapping only. It is a complete family doctor book.

### THE HOGS DISAPPEARED.

And Caused a Law Suit Which Was Tried Yesterday Afternoon in Justice Peddecoord's Court.

Yesterday afternoon in Justice Peddecoord's court there was a rather interesting law suit which was caused by several head of swine. John Caskey and two negroes, John Brunnell and Joe Claypool, were charged by F. C. Schneider with stealing several head of hogs. The hogs had been in charge of one of the negroes who lived on East Eldorado street. Caskey bought the hogs some time ago and Schneider had advanced him the money to pay for them. Caskey gave Schneider the note and wrote on the back of the paper the agreement that Schneider should own the hogs until the note was paid. The note was put in the hands of S. A. D. and R. E. Gray for collection. An agreement was made between Caskey and Schneider that after twenty days if the note was not paid the former should give up all claim to the animals and that Gray & Gray, the attorneys, should have an interest in them. Yesterday the twenty days had expired and the lawyers went to the negro's home to get the hogs but only to find that they had disappeared in the night. A warrant was then sworn out against Caskey and the negroes charging them with stealing the hogs. In the course of the case the note was introduced as evidence but by some accident the note was lost and Schneider's attorneys had neither hogs, money nor note. Attorney Deek appeared for the negroes, Attorney A. H. Mills for the state, and Attorney John R. Fitzgerald for Caskey. Mr. Fitzgerald made the closing speech in which he scored the Gray brothers severely. Justice Peddecoord decided that there was no evidence and dismissed the case against Caskey and the two negroes.

## COMING OUR WAY.

Republican Marching Club, of Chicago, Going to St. Louis.

WILL PARADE AN HOUR IN 'DECATUR

Governor Tanner and Many Notables Will be in the Party of 400—Marchers All in Uniform.

General interest centers in the coming of the Chicago Marching club which will visit Decatur on Monday, June 15, on its way to the national Republican convention at St. Louis. The Chicago Inter-Ocean, of today, prints the following as to the arrangements made in Chicago last night by the club: A meeting of the Cook county Republican Marching club was held at the Great Northern hotel last evening to conclude details of the arrangements for the club's trip to the Republican national convention at St. Louis. The club will leave for St. Louis over the Wabash road on the morning of June 15. By invitation of D. H. Conklin, mayor of Decatur, Ill., the club will stop for an hour at that city, where a reception will be tendered it.

At Taylorville, Ill., another reception will be given to the club by Mayor Temple and the other city officials, and a forty-minute stop will be made there. A third stop of forty minutes will be made at Litchfield, Ill., on the invitation of the Litchfield McKinley club, Mayor Taylor and the other city officers. It is intended to have mass meetings at the three places where stops are made, and in this the club will have the hearty co-operation of the citizens of each place. The secretary of the club has received a letter from Hon. W. F. Calhoun warmly seconding the invitation to stop at Decatur. The club will take with it on its trip the Pullman band of fifty pieces.

In St. Louis the club will be the guests of the Merchants' League club of that city, with headquarters at Eighteenth and Olive streets, and will have its own headquarters at the Southern hotel. The club will have its own special train of sleeping cars, which will lie at the old Union depot while the convention is in progress. It is already certain that at least 350 members will take the trip, and it has been arranged that the club shall act as the escort of the Illinois delegation and the state committee at the convention.

A number of the candidates on the state ticket including Governor Tanner, will probably accompany the club, and speak at the meetings held en route.

The club will be handsomely uniformed in blue black three button outway suits, silk hats, and umbrellas, white ties, tan gloves, and black shoes. The entire expense of the round trip, including everything, will be only \$12.50 for each man.

The members of the club will have no difficulty in securing admission to the convention hall. It is proposed, by means of the three meetings to be held on the way to St. Louis, to make the trip an efficient factor in the state campaign, and it is believed that it will be a rousing success generally.

Among the officers of the Cook county Republican Marching club are H. D. Patton, president; William T. Turner, secretary, and Captain W. F. Knoch, marshal.

It is the most important Republican organization of its kind in Illinois, and its objects are to organize a well drilled body of men to turn out and march at the request of the central organization of the Republican party as an escort to prominent Republicans who visit the city, and at other times as deemed desirable by the club.

The lumber bill at the park, nearly \$800, on which not a cent had been paid, has been assumed by Mr. Stookley, as has also some other bills for labor etc. He will be the financial man of the club. The captain is James Adams, the catcher who will look after the men and the games on the field. He will arrange dates for visiting clubs and with Manager Stookley will see that the games at the park are all first class and entertaining. Several of the members of the club will be released as soon as deals can be made to secure better players in order to strengthen the team.

**Game for Sunday.**  
Manager Stookley and Captain Adams will have a good game for the public at the park Sunday afternoon. It will be one of the best of the season.

Moreover, France denies the bill, and it is only by the United States took over this liability that this government is responsible. The president then the history of claims in coming how, from nearly the beginning of this century, they have been before various congresses and, favorably, till 1846 when a bill for the relief of the claims President Polk vetoed it.
